Additional Credentials

1995: SUB-SPECIALIZATION ON NEURO-ONCOLOGY

I took a three year sub-specialization on neuro-oncology under the supervision of Dr. Gregory House. Dr. House only accepts a maximum of four fellows at any given time. Dr. House was an extremely brilliant doctor who specialized in diagnosing and treating patients suffering from exotic and, often times, life-threatening diseases. My five years spent under his guidance were five years learning two lessons: Every patient is unique so treat them accordingly and always pay attention to the smallest

1995: SUB-SPECIALIZATION ON NEURO-ONCOLOGY

I took a three year sub-specialization on neuro-oncology under the supervision of Dr. Gregory House. Dr. House only accepts a maximum of four fellows at any given time. Dr. House was an extremely brilliant doctor who specialized in diagnosing and treating patients suffering from exotic and, often times, life-threatening diseases. My five years spent under his guidance were five years learning two lessons: Every patient is unique so treat them accordingly and always pay attention to the smallest details. Two lessons that I take everyday with me in my practice of medicine.
